MOLD REMEDIATION SPECIFICATION REVIEW

1C.5 SUBMITTALS (MODIFICATIONS FOR FEDERAL GRANT CONDITIONS)

A. Pre-Work Submittals:

1. Valid EPA Mold Remediation Contractor certification.
2. Mold Remediation Work Plan. List of procedures proposed for use in performance of the work, when required:
 - a. Number and location of High Efficiency Particulate Air (HEPA) filters and exhaust locations to the outside, with calculations for determining the number of HEPA filters, based on a minimum of 4 air changes per hour,
 - b. Waste removal procedures and transport routes from the mold remediation area to the waste storage container.
3. Provide an SDS on the EPA registered products selected for use on this project. Substitution of alternative products is not permitted without authorization.
